Plan for Parent Volunteers/Volunteers

The CDC encourages parents to volunteer in their child's classroom as little or as much as they would like and for a variety of activities. Some of these activities may include, but are not limited to, reading a story, helping with a special project or celebration, assisting on a walking field trip, or taking part in the experience of what your child does throughout the day at CDC.

In order to allow parent volunteers/volunteers to be at the Center, we must have a current CORI and DCF background record check completed prior to the parent or volunteer coming into the classroom.

Parent volunteer/volunteers will always be under the direct visual supervision of an EEC qualified educator at all times, the dates and hours of the volunteer will be set up ahead of time with the Director and Lead Teacher of the classroom as well as any appropriate instruction or training.

If you are considering volunteering in any way, please fill out the attached form, return it to the school prior to scheduling a time to come into the classrooms.

You can find a copy of the Center's entire background record check policy in the office. Please feel free to ask if you would like to review the policies prior to having the DCF and CORI records check completed.

Please fill out form entitled "Consent for Background Record Check"
